EDUCATION

Graphic Era University Jun. 2019 – May 2023
Bachelor of Technology in Computer Science and Engineering Dehradun, UK

Army Public School Mar. 2018 – Feb 2019
Senior Secondary (XII) Dehradun, UK

EXPERIENCE

WNS Global Services Nov. 2023 – Jan. 2026
Associate Gurgaon, HR

- Designed and delivered client-focused presentations aligned with business objectives and brand guidelines.
- Designed and automated MIS reports and dashboards using MS Excel (Pivot Tables, VLOOKUP/XLOOKUP, INDEX-MATCH, Power Query) to track business KPIs and performance metrics.
- Cleaned and organized raw datasets in Excel by handling missing values, duplicates, and formatting issues to ensure data accuracy and consistency.
- Translated raw data into client-ready PowerPoint presentations with clear data storytelling and visual representation.
- Conducted data validation and quality checks to ensure reporting accuracy and consistency.

SKILLS

Languages : Python, SQL, C++
Tools : Power BI, Excel, Figma, PowerPoint
Others : Dashboard Development, Data Visualization, Data Cleaning

PROJECTS

Loan Approval Prediction

- Developed machine learning models (Logistic Regression, Random Forest) to predict credit card approval using historical data with preprocessing, encoding, normalization, and EDA.
- Improved approval decision accuracy by delivering data-driven insights to support financial risk assessment.

Road Accident Dashboard Analysis

- Interactive Power BI dashboard analyzing road accident data to uncover key trends and patterns.
- Helps identify high-risk locations and accident severity to support better road safety decisions.

Zomato Dashboard Analysis

- Analyzed restaurant data using Excel and EDA techniques to evaluate cuisine trends, ratings, and location performance.
- Created Power BI visualizations to identify top cuisines and high-performing restaurants across major metro cities

Certificate

- **Deloitte Australia Data Analytics Job Simulation**
